

## FULTON COUNTY

Due to the increased cost of living across Metro Atlanta, many families and individuals are experiencing homelessness. Often, they have struggled due to several issues, including trouble securing affordable housing and childcare along with finding gainful employment. CHRIS 180's Outreach and Community Housing (OCH) department was created to help build stronger and more resilient communities and families. OCH housing programs are designed to help young adults and families achieve safe and stable housing, education, employment opportunities, therapeutic supports, life skills development and more.
